(Planning for early to mid-May for pick up)

Quantity: _____

BEE PACKAGES & NUCS MUST BE PICKED UP ON THE DAY OF ARRIVAL

Customers are required to pick up the bee packages at Goffstown Ace Hardware on the day of the bees' arrival. You will receive updates regarding delivery dates as information becomes available. The delivery dates are tentative and reliant on favorable weather conditions to transport the bees.

Please examine your live bee package before leaving the store. This is the time to ask any questions and check your bee package. If you discover a dead queen in her cage when installing the bee package, you can return the queen in an untampered cage for a free replacement queen.

If you have any questions, please contact Pat at Goffstown Ace Hardware (603) 497-2682
